What is Careers Guidance?

In this policy, our definition of careers guidance is aligned to those provided by DfE and Ofsted.

Careers guidance and inspiration in schools, DfE Statutory guidance for governing bodies, school leaders and staff', April 2014 defines Careers Advice and Guidance as:

'a coherent programme of activities that inform, inspire and motivate young people, preparing them for work and helping them to understand where different education and training choices could take them in the future.'

CEIAG - Careers Advice Impartial Advice Guidance

This policy and delivery is regularly revised and amended in order to meet the latest guidance and developments. Therefore, we have taken into consideration by government guidance and documents from the Careers Strategy: Making the most of everyone's skills and talents (2017) . This policy is available to the governing bodies, school leaders, staff, our careers guidance team, students, parents and training providers. We carry out an annual audit to evaluate our progress against the Gatsby Benchmarks, ensuring our provision aligns with the latest standards.

Purpose of Careers Guidance

We recognise that effective careers guidance contributes to raising aspirations, improving motivation and overcoming barriers to success. Our school has a critical role to play in preparing our young people for the next stage of their education or training and beyond. Our expectations are high, including for our most vulnerable and those with special educational needs and disabilities, so that every student is challenged appropriately and acquires the knowledge, skills and attitudes for lifelong learning that employer's value. This will help every young person to realise their potential and enhance their employability.

Careers Skills: - We recognise the importance of developing the careers skills of our young people through our provision for Careers Guidance. We believe that young people need career skills to manage their own careers and to contribute to the well-being of themselves, their families, the communities and the wider society of which they are a part and the environment and the economy. The school's careers provision, therefore, needs to help students to develop their self-efficacy, raise their aspirations, carry out career exploration, become more adaptable and resilient, make decisions and transitions, be more enterprising and be able to present themselves well in applications and interviews.

Employability Skills: - We recognise the importance of employability skills -the 'transferable skills' needed by an individual to make them 'employable'. The top 10 skills that employers want and seek in potential employees (ref STEMNET, Science, Technology, Engineering and Mathematics Network, working with a range of UK companies) are:

1. Communication and interpersonal skills
2. Problem solving skills
3. Using your initiative and being self-motivated
4. Organisational skills
5. Working under pressure and to deadlines
6. Team working
7. Ability to learn and adapt
8. Numeracy
9. Valuing diversity and difference
10. Negotiation Skills

Statutory Responsibilities of the School Leadership and Management Team

The statutory duty requires the school to ensure that all registered students at the school are provided with independent careers guidance from year 8 (12-13-year-olds) to year 13 (17-18-year olds). However, as an all-through school, we provide careers education from KS2. Our approach to Careers is based on the Careers Education Framework 7-19 (2010) and the 6 principles of impartial careers education. The governing body must ensure that the independent careers guidance provided:

- Is presented in an impartial manner
- Includes information on the range of education or training options, including apprenticeships and other vocational pathways
- Is guidance that the person giving it considers will promote the best interests of the students to whom it is given.
- Empower young people to plan and manage their own futures
- Respond to the needs of each learner
- Provide comprehensive information and advice
- Raise aspirations
- Actively promote equality of opportunity and challenges stereotypes
- Help young people to progress

Duty to participate in education or training after 16

The Government has raised the participation age (RPA) so that all young people in England are now required to continue in education or training beyond the age of 16. Young people who leave in year 11 will need to continue until their 18th birthday.

While we hope to retain most of our students in our sixth form, the school recognises that young people need to be clear about the duty and what it means for them. In particular, students must be clear that young people are not required to stay in school; that they can choose how to participate which might be through:

- Full time study in a school, college or training provider
- An apprenticeship, traineeship or supported internship
- Full time work or volunteering (20 hours or more) combined with parttime accredited study.

Working with the Local Authority

The Education Act 2011 and the new statutory guidance require us as a school to work with local authority to provide data on our students' destinations. There are three sets of data that are reported annually to the DfE: Intended Destinations, September Guarantee and the Activity Survey.

We also recognise our statutory duty to work with the local authority to support our more vulnerable young people including those with special educational needs, and those who are disengaged or at risk of disengaging.

CAREERS GUIDANCE PROVISION

At Key Stage 2, Careers Education is delivered through workshops, School Assemblies and Drop-Down Days. Key Stage 3 to 5 students participate in Careers Days, Assemblies and workshops in addition to Personal Development lessons. At Key Stage 4 to 5, Employability lessons are also offered. These are all in addition to our daily tutor programme.

We have a set amount of annual Careers Focus Days linked to Enterprise for all students in all year groups. This is delivered in conjunction with school staff and outside agencies. The topics covered are age appropriate to the year group. In addition, all subjects in school identify careers education elements and include these in lesson planning.

All pupils also have access to our Careers Advice & Guidance Online Platform – Morrisby. This platform allows students to explore career options, take assessments to better understand their strengths and interests, and access a wealth of information and resources to support their career planning. The use of Morrisby ensures that every student has a personalized and structured approach to career guidance, which complements the face-to-face support they receive.

GCSE English and Mathematics

Through our Careers Guidance we highlight to students that if they do not achieve a Level 2 Functional Skills or grade C or better in GCSE maths or English by the end of key stage 4, they will be required to carry on studying these in post 16. This is because of the vital importance and powerful labour market value of a good GCSE/L2 in maths and English.

Careers Impartial Advice and Guidance (IAG)

- In our school students are given the opportunity to explore career ideas through face-to-face discussions with a range of people including role models and inspiring individuals, alumni from universities and colleges and mentors and coaches.
- Independent and impartial careers information, advice and guidance can be accessed by any student on request and is available every week by the Careers Coordinator upon request through form tutor.
- All students receive at least one face-to-face careers interview with a trained careers adviser.
- All students receive a face-to-face interview at key decision-making points during their education (in years 6, 9, 11 and 13) to inform progression and are made aware of all available learning pathways open to them.
- During careers interview, all students are helped to develop a careers action plan.
- Bespoke plan in place for More Able learners as well as children at risk to becoming NEET (not in employment, education or training).
- There is a system in place for centrally storing, distributing and following up student action plans and this is coordinated by the Careers Coordinator.
- Those most at risk of becoming NEET, and the reasons why, are identified, targeted and prioritised when scheduling one to one careers interviews.
- Those most at risk of disengaging from learning, and the reasons why, are identified, targeted and prioritised when scheduling one to one careers interview.
- The school organises information events for students and their parents to which all local providers of education and training are invited and actively engaged in offering advice.
- The school ensures compliance with the Baker Clause by actively advertising open days and evenings for all local education providers to students and parents, ensuring that pupils are well-informed about technical education qualifications and apprenticeships.
- Students are made aware of the National Apprenticeship Service and National Careers Service and there is a link to both websites on the school's website.

- The school works in partnership with several national apprenticeship providers.
- Learner views are sought on the best way to offer provision.

Employer engagement

We are committed to engaging with our local employers and professional community to ensure that our students have access to high quality employer engagement activities to enhance their careers guidance provision. This includes:

- Mentoring and coaching through alternative curriculum provision
- Speakers from the world of work in schools
- Workplace visits and work experience placements (year 11-year 13) which are tailored to the needs of pupils.
- Work 'taster' events such as games and competitions through drop down days and the tutor programme
- Careers fairs and career networking events
- Access to open days at further and higher education institutions
- Access to creative online resources and labour market intelligence
- Help with basic career management skills like CV writing, CV building, jobsearches and job interviews

Access to information on the full range of education and training options and active engagement with other local learning providers

We schedule visits from an independent Careers Adviser who provides independent guidance that includes information on the full range of education and training options, including apprenticeships and vocational pathways. This includes local further education, apprenticeships, and vocational education opportunities. A follow up action plan is created for each pupil. These are all provided

We provide in good time before decision points information about the options available, including:

- Post-14: GCSEs; options provided by alternative curriculum providers in the community; opportunities for 14-year-old enrolment at local colleges
- Post-16: apprenticeships, employment combined with training, supported internships, tech levels and traineeships.

The National Careers Service

We signpost our students and their parents to the National Careers Service which offers information and professional advice about education, training and work to people of all ages.

(<https://nationalcareersservice.direct.gov.uk> , or National Contact Centre 0800 100 900).

This includes how to access, and what support is available through their website, helpline and web chat.

Careers Guidance Leadership and Management Team

Team	ame
Nominated governor with responsibility for oversight of Careers Guidance	Chair of Governors
Senior Leadership lead	Headteacher /Heads of School
Middle Leader(s) Careers Guidance Careers education Employer engagement Work Experience Co-ordinator	Careers Coordinator

The Careers Guidance Leadership and Management Team are responsible for:

- The Careers Guidance action plan, developed each year and which is linked to the School Development Plan through Raising the Aspirations of students
- Careers Guidance Training needs analysis and keeping a record of training (Staff CPD)
- The Careers Guidance budget allocation and management
- The management and co-ordination of the various aspects of Careers Guidance
- Ensuring there is an appropriate provision of Careers Guidance activities across all key stages to meet the full range of student needs and abilities
- Enabling students to have access to career resources and drop-in careers sessions, and a careers section on the school's website
- Ensuring that all safeguarding arrangements, including risk assessments, are in place and monitored for careers guidance activities including Work Experience (ref Child Protection policy, Staff Behaviour Policy, Child Protection & Safeguarding Policy, Visiting Speaker Policy)
- Assessment, Monitoring and Evaluation of the Careers Guidance provision
- Liaison with parents/carers and partners (e.g. commissioned IAG providers, local learning providers, Local Authority, local Employers and business community, LABEP)
- Updating the school's Careers Guidance policy and information on the school's website
- Providing an annual report to the governing body on Careers Guidance

Assessment of student progress

Assessment is aligned to our school's teaching, learning and assessment policy. There are Systems in place to effectively track students' progress through our Careers Guidance provision Using Doodle.

Assessment in Careers Guidance is done during tutor groups, PSD, and Employability lessons, and through the CEIAG whole school matrix, which tracks pupils' employability skills and well-being. We also incorporate mental health support into our careers program, ensuring that students receive guidance in a supportive and nurturing environment.

Elements of the Careers Guidance Programme are accredited through:

- Personal and Social Development (NCFE)
- Employability Programme (NCFE)
- Independent Living (WJEC)
- Leadership and Teamwork (CMI)

Monitoring of Careers Guidance Provision

Provision is monitored through a range of processes including:

- Careers activity observations (for example lessons, individual careers interviews, career guidance activities/events, work experience)
- Work scrutiny of students' careers education workbooks
- Scrutiny of sample careers interview action plans
- Feedback discussions with focus groups of students, parents/carers, staff, employer representatives
- Use of student surveys
- Annual audit of Careers Guidance

Equalities

The school consciously works to prevent all forms of stereotyping in the advice and guidance we provide, to ensure that boys and girls from all backgrounds and diversity groups consider the widest possible range of careers, including those that are often portrayed as primarily for one or other of the sexes.

Evaluating the effectiveness of our Careers Guidance

The effectiveness of guidance activities is evaluated through rigorous destination tracking and

- Attainment and achievement of key indicators
- Destinations of our students.
- Students being guided on to the correct options pathway in KS4
- Our NEET figures at 0% annually
- Our Destinations data
- Student questionnaires
- Parent surveys

Students and parents are welcome to give feedback on any aspects of the CEIAG programme through student and parent voice. The CEIAG policy is regularly reviewed. This allows us to incorporate new initiatives and providers. This review involves the Governing Body, Senior Leadership, Careers Co-ordinator, Student Council and Careers Advisor.
