11/11/2025

Dear Parents and Carers,

As part of our ongoing commitment to ensuring all our pupils are safe, responsible, and respectful online, we would like to remind you of our schools.

Online Safety Agreement.

Technology and social media are a significant part of our children's lives, and together school and home. We play a vital role in teaching them how to use it positively and safely.

Please take a few minutes to read the key points below, which we ask all parents and cares.

Model positive online behavior –

Use technology responsibly, avoid sharing others' images or personal details without consent, and refrain from posting negative or threatening comments about anyone in our school community, including staff, pupils, governors, volunteers, and parents/cares.

Support our Online Safety Policy;

Do not encourage your child to join social media platforms if they are under the minimum age (usually 13).

Work together to support your child's online safety. Talk regularly with your child about their life online, including topics such as screen time, online relationships, bullying, inappropriate content, extremism, and privacy.

For extra guidance, please visit [The National College](https://www.thenationalcollege.org.uk/) or <https://parentsafe.lgfl.net/>

We believe that by working together, we can help our young people develop into confident, responsible digital citizens who know how to stay safe online.

Thank you for your continued support and cooperation.

Yours sincerely,

Ms. Eyob
Safeguarding Lead / EWO
